

How to **wash** your **uniform**

Q U I C K[®]
MEDICAL UNIFORM

- For **stubborn stains**, the Quick Medical Uniform can be washed in the washing machine at up to 90°.
- For **deeper sanitisation**, it can be washed in bleach without affecting the colour.
- To **lengthen your uniform's product life**, we recommend machine washing at 40°/60°, set the spin cycle at low rpm speed (400/600) and hang to dry as soon as the washing programme is finished. Once it has dried naturally and rapidly, your scrub is ready to be worn the next morning.

WASH & GO

It's never been easier...
it's **QUICK!**

- Set your washing machine at 40°-60° and the spin cycle at maximum 400-600 rpm.

- When the wash cycle has finished, hang your uniform to dry

- Now, relax and enjoy!

QUICK-DRYING
